PoP Meeting 2019

Reminder last year?

*Vandaag is er geen **structureel overleg tussen peers IT Infrastructure verantwoordelijken** van de verschillende universiteiten. Nochtans hebben we vaak te maken met dezelfde problematieken inzake netwerken, datacenter, beveiliging,*

*De vraag die ik me stel is of **Belnet hierbij kan faciliteren...***

*bv. **een halfjaarlijkse bijeenkomst van IT infrastructure verantwoordelijken** die in workshop vorm ideeën en ervaringen kunnen uitwisselen.*

Ik besef dat deze vraag niet rechtstreeks PoP gerelateerd is, maar de aanwezigen op de PoP meeting dekken wellicht grotendeels het doelpubliek.

Herman Moons (KULeuven)

1) Yves Tavernier (KU Leuven)

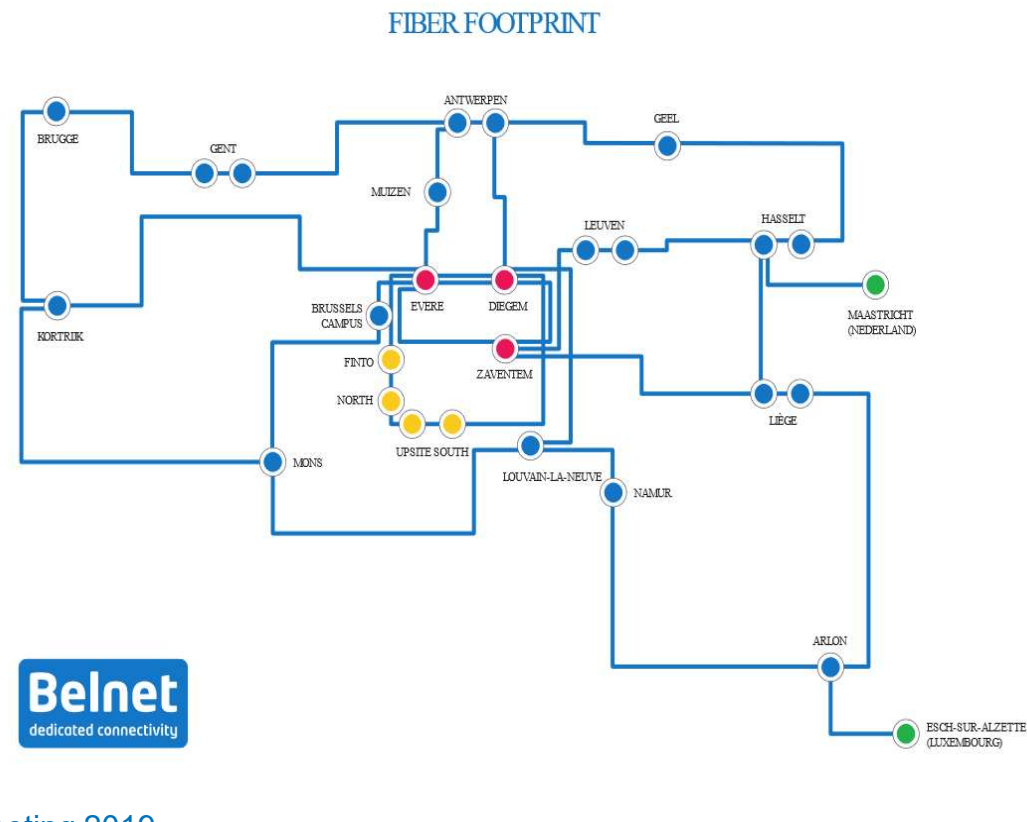

- ***Graphs on my.belnet.be are only showing bits/s. Other measurements e.g. packets/s can also be interesting.***
- ***Is IPv6 support planned for my.belnet.be & idpcustomer ? (Our IPv4 NAT was temporary blocked from my.belnet.be after a colleague tried to login multiple times with a wrong password).***

2) Wim Holemans (UAntwerpen)

- *customer list per POP ; POP seems to serve also non-education/research clients*

3) Dominique Margot (UCLouvain)

- ***(Distributed) Border Firewall (Next Generation) as a service ? Is it possible within Belnet ?***
- ***SPB integration within Belnet Multi-point client sites : what should we check to make sure it will work.***

Last Round Table

- Any suggestions?
- Remarks?
- Questions?

La Crèche des Artistes

The background of the slide is a photograph of two women standing in a large, ornate museum or gallery. The woman on the left is older, with short white hair, wearing a light-colored top and white trousers. The woman on the right is younger, with long brown hair, wearing a brown sweater and dark trousers. They are both looking at each other and smiling. The background shows high ceilings with arches, a balcony with a railing, and a tiled floor. A blue horizontal band is overlaid on the middle of the image.

Thank you
for your attention
